

Supporting Excellence in the Public Schools
of Altadena, Pasadena & Sierra Madre

Pasadena Educational Foundation
Annual Report 2010

Donations from July 1, 2009 – June 30, 2010

Dear Friends,

This past year a record 2,520 individuals made contributions to support our public schools. Thanks to your continued generosity and support in a difficult economy and one of the most financially challenging years for California's public schools, the Pasadena Educational Foundation raised a record \$11-plus million, enabling us to provide a wealth of opportunities for students and teachers. For instance:

- Students at four middle schools participated in robotics classes and a robotics competition.
- 78 teachers purchased new technology, books, mathematical aids, musical instruments and art supplies.
- 200 students and their families attended free college preparedness workshops.
- 3,500 students in kindergarten through 8th grade received technology instruction in new computer labs.

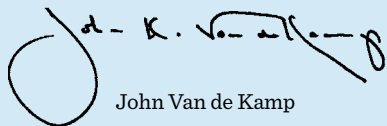

The Pasadena Educational Foundation raised a record \$11-plus million, enabling us to provide a wealth of opportunities for students and teachers.

- Hundreds of low-income students received free immunizations or physical exams and more than 4,000 students received medical attention through the PUSD Health Clinic and on-campus Family Health Centers.
- 1,600 students were introduced to the innovative My Masterpieces arts curriculum.
- 34 high school seniors received college scholarships totaling over \$120,000.
- 1,100 families contributed to the Technology Challenge that funds new technology in the classroom.

These are only a few of the opportunities we provided students and teachers – made possible by your loyalty and belief in our mission. As you know, the challenges for public education are enormous. Never has the need been greater for the community to support our students and our schools. We thank you.

George Brumder
President

John Van de Kamp
Chair, Community Campaign

Joan H. Fauvre
Executive Director

PASADENA EDUCATIONAL FOUNDATION

Founded nearly 40 years ago in 1971, the Pasadena Educational Foundation has the distinction of being California's oldest education foundation supporting K-12 public education.

With a staff of nine, we align our goals with those of the Pasadena Unified School District and work with the PUSD to raise funds to bring vital and innovative educational programs and resources to PUSD students.

We are governed by a Board of Directors representing a broad spectrum of the communities of Altadena, Pasadena and Sierra Madre. The Board has a number of working committees and invites community members to participate.

Exciting initiatives this past year include the launching of an endowment, made possible with an anonymous gift of \$100,000, and the establishment of a planned giving program, Tribute to Learning, with 15 founding members. These initiatives give the community new ways to make significant contributions to support our work for the benefit of our students,

our schools and the community. To learn more, please visit our website pasedfoundation.org.

“I believe that PEF’s greatest contributions are evident in the relationships built between schools and community. These relationships leave an enduring legacy that will forever benefit the lives of our students.” *Superintendent Edwin Diaz*

We are also proud of the work of our new support group, Families and Neighbors Supporting Schools (FANSS), which offered \$100,000 as a challenge grant to enhance the technology at each school. Every dollar raised was matched up to \$10,000 per school.

INSIDE THE PASADENA EDUCATION FOUNDATION

PEF initiated and coordinated these programs:

ROBOTICS

Seventh and eighth graders at four schools learned to build and program LEGO robots and in May competed in the first annual Middle School Robotics Competition. Funded by PEF with assistance from JPL and Caltech, teachers attended training at Carnegie Mellon University to learn the RobotC curriculum.

TEACHER AND ALL SCHOOL GRANTS PROGRAM

Now in its 35th year, this flagship program resulted in 70- \$300 to \$5,000 grants, totaling \$75,000, for a variety of equipment and instructional materials ranging from books to microscopes.

FIELD TRIPS

With funding from the Helen and Will Webster Foundation, PEF provided over 160 enriching field trips for more than 9,000 students.

SUMMER ENRICHMENT PROGRAM

Now in its seventh year, this program provided 850 kindergarten through 8th graders five weeks of outstanding classes in robotics, gardening, music, cooking, math, science, foreign language, sports and many others subjects. Younger students enjoyed the popular “Intro to Kindergarten” and “Intro to First Grade” classes.

Eighty-five high school students earned credits in geometry, fitness, computer science, algebra prep, computers, driver’s education and other classes in PEF’s high school program.

AIM HIGH SCHOLARSHIPS

With funding from College Access Foundation, PEF awarded \$120,000 in college scholarships to 34 seniors, many of whom are the first in their families to attend college. Eight students receiving \$10,000 awards will attend Harvey Mudd College, Brown University, UCLA, UC Berkeley, Tufts, UC Riverside, and USC. Five students with \$4,000 awards and 15 with \$1,000 awards will attend New York University, UC San Diego, California Lutheran, Citrus College, Azusa Pacific and Pasadena City College.

FANSS TECHNOLOGY CHALLENGE

With an anonymous donor’s \$100,000 gift matching up to \$10,000 at each school, our new FANSS (Families and Neighbors Supporting Schools) group initiated a successful Technology Challenge through which 1,100 donors brought almost \$220,000 for new technology to 24 schools.

With extraordinary help from the West Pasadena Residents Association, San Rafael School raised \$16,058, the most of any school, receiving \$26,058 for new technology. Blair IB, Don Benito, Hamilton, McKinley, Norma Coombs, Webster and Willard also raised at least \$10,000 each toward the matching grant.

“Thank you to PEF for all the support you have provided me. It feels great to know that at home there is a group of people who believe in my studies and my future and who are willing to invest in my life.” *Jose Antonio Palomares, PEF AIM High Scholarship Awardee and UCLA Student*

COMMUNITY OUTREACH

PEF coordinates community forums and programs to inform the community about the opportunities and challenges faced by the district and offers concrete ways for individuals and groups to get involved.

MEASURE CC

We provided significant financial and staff support for Measure CC, the parcel tax that would have raised more than \$35 million over five years to support PUSD libraries, counselors, arts, music, teachers and more. While the campaign did not reach the 2/3 vote necessary to pass, it attracted over 700 volunteers, won a solid majority of the votes, and stimulated a community-wide dialog about the importance of our public schools to our students, their families and, indeed, the entire community.

GRANT ASSISTANCE

PEF coordinates and writes grant applications for PUSD programs to government agencies, foundations and corporations. Of 71 applications submitted in the fiscal year, 38 were approved, 24 are pending and only 9 were denied. Successful applications include:

CHINESE LANGUAGE IMMERSION PROGRAM AT BURBANK ELEMENTARY SCHOOL — \$750,000 OVER THREE YEARS

Under the dual language immersion program in Mandarin Chinese, kindergarteners spent the year learning core academic subjects in English for part of the day and in Mandarin Chinese for the rest. The program which begins in kindergarten will grow by grade level each year.

TEACHER TRAINING AT MUIR HIGH SCHOOL — \$450,000 OVER THREE YEARS

Funded by the Pasadena Community Foundation, this innovative month-long summer institute introduced teachers to best practices for Muir's new smaller learning academies, a key

element of Muir's reinvention that has made great strides in motivating students and improving test scores. Coaching and teacher training continued throughout the year. Beyond its distinction as the largest single grant in Pasadena Community Foundation history, this grant also marks over \$1 million in total giving by PCF through PEF to the PUSD.

MIDDLE SCHOOL SCIENCE AND TECHNOLOGY — \$80,000

To engage the potential scientists and innovators of tomorrow Avery Dennison Foundation partnered with the PUSD and PEF to strengthen classroom links to the real world of science. Avery Dennison's summer institute and investment in curriculum development introduced middle school science teachers to project-based design and new technology.

EXCELLENT MIDDLE SCHOOL INITIATIVE — \$600,000

The Helen and Will Webster Foundation provided support to help the District implement the Excellent Middle School plan by funding nine additional teachers to allow for more electives, smaller classes, block scheduling and common teacher planning time.

INSIDE THE COMMUNITY

PARTNERSHIPS

Partnerships with other organizations are an effective, dynamic way for us to develop innovative events, programs and resources for our public schools. A sample of partnerships this year included:

> PRINCIPAL FOR A DAY

More than 30 community leaders went back to school one morning in October to shadow a principal and learn about the challenges and opportunities involved in running a school, fostering a new spirit of civic involvement and commitment to our public schools. This program was sponsored by Merrill Lynch for the fifth year and coordinated by PEF and the PUSD Welcome Center.

> GOING TO BAT FOR KIDS

In April, twelve community teams competed in our sixth-annual softball tournament, raising over \$10,000 for athletic programs. Pasadena Southwest beat the reigning champion, Trader Joe's, in a very competitive tournament.

> COLLEGE ADMISSIONS

More than 150 students and parents attended "Admission Matters: What Students and Parents Need to Know About Getting Into College", a forum we sponsored in partnership with the College Board, USA Funds and Assemblyman Anthony Portantino. In addition, with PUSD and Pasadena City College, PEF hosted a college fair in October that featured 70 colleges and attracted hundreds of students.

"I cannot imagine what the Pasadena Unified School District would look like without the hard work of PEF. I truly believe that PEF is CRUCIAL to the success of this district."

Christopher Anderson, Math Teacher, PUSD.

INSIDE OUR SCHOOLS

Following is a sample of PUSD programs supported by the Foundation. For more, please visit www.pasedfoundation.org.

COLLEGE AND CAREER PATHWAYS

The James Irvine Foundation awarded a \$1.125 million grant to implement a comprehensive district-wide high school reform program. This was one of only six such grants to California school districts by the California Center for College and Career.

Organized around career themes or industry sectors, this program connects learning in the classroom with real-world applications, integrating rigorous academic instruction with a demanding technical curriculum and work-based learning, preparing students for success in college and careers.

MY MASTERPIECES: DISCOVERING ART IN OUR COMMUNITY

Pasadena's world-class arts and cultural institutions are linked to classrooms, exposing students to visual arts lessons at Kidspace, The Huntington Library, City of Pasadena – Public Art, Gamble House, Side Street Projects, Pasadena Museum of History, Pasadena Museum of California Art, Norton Simon

Museum, Armory Center for the Arts and Pacific Asia Museum. All K-6 elementary school students will eventually participate in My Masterpieces, as each year four schools are added to the program.

HEALTH PROGRAMS

We support Healthy Start Family Centers at Jackson, Cleveland, Madison, Loma Alta and Rose City where students receive free physical and mental health services, including physical examinations, immunizations and acute care. The Centers also provide classes on parenting, language acquisition, nutrition and use of local resources. We also work with Young and Healthy, Five Acres and the PUSD to implement the Child Health Collaborative (CHC), a pilot project located at Washington Middle School, initiated and funded by the Pasadena Child Health Foundation. The CHC provides free health services in the evenings and on Saturdays to all students in the District requiring care.

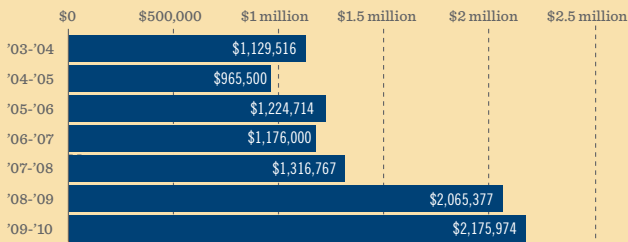

Pasadena Educational Foundation Financial Statements

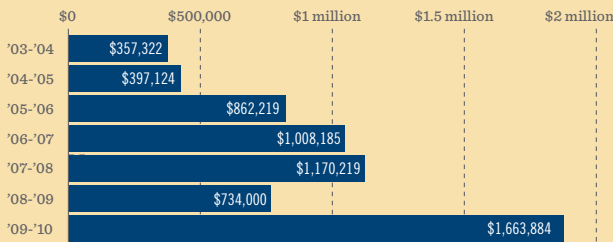

Statement of Activity – July 1, 2009-June 30, 2010 (Unaudited)

\$6.9 million was generated by PEF for PUSD programs through our grant writing support. These funds went directly to PUSD and are not reflected in the Statement of Activity below. Examples of programs supported by these grant funds are Pasadena LEARNs (the after school program), Chinese Immersion Program, Teaching American History, and Family Health Centers.

“Attending the PCF Muir High School Summer Institute provided the opportunity to plan, collaborate, and exchange ideas with other professionals before the school year started and that was extremely helpful. You don’t usually get time in education to explore curriculum and data to that degree.”

“If we didn’t have the resource of PEF,
 what would we be able to provide for our
 students? It would be stark. Because of
 PEF’s support we can offer a comprehen-
 sive experience for all of our kids.”
